WHAT MAKES CKECHS DIFFERENT?

We want students to find out who they are. We...

- Go on educational field trips that allow our students to realize the opportunities that await them.
- Bring in guest speakers, entertainers, and community servant leaders.
- Provide opportunities for passion projects.
- Can participate in sports through neighboring Covenant Classical School.
- Participate in clubs: Creativity, Model UN, Mu Alpha Theta (math), Left to Write, Student Council and Envirothon.
- Have a teacher to student ratio of 1:22 per class. Our students typically earn enough college credit to attend a university as a junior!

OUR MISSION
Empowering students for success in College, Career, and Life

OUR VISION
Cabarrus-Kannapolis Early College High School equips students with the tools to make a positive impact on society

96% of 2019 CKECHS graduates completed college credit

SEMINAR

At Cabarrus-Kannapolis Early College High School, we want students to be prepared for the next steps after high school, so we include seminar for all grades. Seminar is designed to help students overcome challenges while growing their strengths, as well as introducing them to different professions, colleges, life skills, and more. We focus seminar on skills and activities that build character and provide our students with the confidence and skills necessary to be leaders in the 21st Century.

COLLABORATION

In order to prepare our students for the career environment in which they will be expected to solve problems and collaborate frequently, our classes feature project-based learning and collaborative group work. Students read, write, think, and speak in every class, every day.
