## Bus Routes

Bus routes for meal delivery are tentatively expected to begin on Monday, January 25th. This is to allow time for reorganization under Plan B.

In the meantime, if you need a meal on remote learning days, please visit one of the schools above. They are open 9:00 to 10:30 Mon-Thurs and students will receive breakfast and lunch for the day.

On Thursdays, students will receive that day's meals plus breakfast and lunch for Friday and Saturday as well.

Even though meals are free for students this year, there are still a lot of benefits that come when you complete an application for free meals, including 30 days to fill out an application next year.

There are three ways to apply:

- Go to [www.lunchapplication.com](http://www.lunchapplication.com) and fill out a free and secure online application
- Go to [www.cabarrus.k12.nc.us](http://www.cabarrus.k12.nc.us), choose Departments, then School Nutrition. Select Free & Reduced Price Meals on the left and print an application. Return completed application to your school for processing.
- Request an application from your school. Return completed application to the school for processing.
