HIGH SCHOOL

**BE FUTURE  
READY**

ACADEMY OF HEALTH SCIENCES

Greeting AOHS students and families!

The 2019-20 school year is coming to an end this week and it has surely been an interesting experience for all of our families. I am certain that we have all learned some things over the past few months that will make us all better students, parents, and teachers moving forward. I want to first recognize and congratulate our graduating AOHS students. This year we are celebrating our largest class of AOHS graduates. Although you may have had some tough times and challenges in the past four years, you have come through them and accomplished so much more than was expected of you and we all wish you the best of luck in your future endeavors.

Please read through the announcements and updates below that pertain to NAFTrack Certification requirements for internships, graduation, and other pertinent information.

### **Transportation Request**

If you have not done so, please complete a transportation request for the upcoming school year. We need everyone to fill out the form regardless of whether you will attend NCHS or West Cabarrus or if you will provide your own transportation. Please click on the link below to complete this form if you haven't done so already:

[2020-21 Bus Rider Form](#)

### **NAF Student Survey**

All NAF Academy students are asked to complete this survey for NAF. If you do, you will be entered to win a \$25 Amazon gift card (40 prizes awarded throughout the NAF Network) and our Academy could win \$200! If you haven't registered your NAF account yet, you would just click on "Register" on the bottom right of the pop-up screen:

<https://students.naftrack.org>

### **For AOHS Seniors Only**

Due to the Covid-19 pandemic, the Academy will be covering the cost of all cords and stoles this year for graduating seniors. Most of you have picked up your cords or stoles, but if you haven't please reach out to Mr. Kim as soon as possible.

Please update your email and contact information on your MyNAFTrack account. This will allow the school and businesses to contact you

### **Internships**

With the change in safety measures throughout the county, internships are also up in the air. Our annual Future Ready Lab has been cancelled and other internships have been placed on hold. I do not have more information to offer pertaining to our usually offered internships this summer, but I will forward any information and opportunities that I receive as soon as possible. In addition, NAF has changed the requirements for a NAFTrack Certified internship. Please click on the link below to view the new requirements to complete an internship for NAFTrack Certification:

If you have any questions about the shared information above, please feel free to reach out to Mr. Kim through email ([peter.kim@cabarrus.k12.nc.us](mailto:peter.kim@cabarrus.k12.nc.us)). In addition, I am also available for audio or video meetings by appointment.

### **Final Farewell to AOHS**

For the last 8 years, I have had the pleasure of working with so many amazing families at Northwest. The memories I have during this time will last long into my career and beyond. With that said, I regret to inform you all that I will no longer be the WBL/Academy Coordinator at Northwest Cabarrus High School beginning next school year. I have accepted a position as the CTE Coordinator of Concord High School and my last date at NCHS will be June 30<sup>th</sup>. I truly appreciate the opportunity to work with the best students in the county and thank all the AOHS

families for entrusting their child's education and high school experience to Northwest Cabarrus. I will still be in the county and hope to cross paths with many of you in the future as employees and leaders in the healthcare community. After June 30<sup>th</sup>, all questions and concerns pertaining to the Academy of Health Sciences should be directed to either our CTE Coordinator, Ms. Ferreira, or one of the counselors. I am confident that the Academy is in good hands moving forward and I hope that you all will stay in touch. My county email will still be the best place to reach me.

Please stay safe, take care of each other, and I hope to see you all in the near future.

Sincerely,

Mr. Peter Kim  
Work-Based Learning/Academy Coordinator  
NCHS Academy of Health Sciences
