

We are committed to providing instructional support to students while they are quarantined or out due to COVID protocols. We have created opportunities for students to receive support during this time. Although we are not providing live synchronous instruction for students out we have designed several layers of support.

The most important thing you can do is to closely monitor your child's Canvas course and ensure they are completing assignments. We also encourage communication with your child's teacher. Parents are encouraged to set up a Canvas Parent Observer account.

Please click [HERE](#) to learn how to set your account.

Canvas

Each grade level will maintain a Canvas page that will include a Week at a Glance. The Week at a Glance will include the Learning objectives, Assignments, Assessments and Reading materials students will need while out.

Parents are encouraged to set up a Canvas Parent Observer account to monitor students.
