Our Classroom News

Week of: February 5th, 2018

What’s Happening
This month

February 14th- Valentine’s Day
February 22nd- Progress reports go home

A Note From
Mrs. Burris

Now that report cards have gone home and you have a better idea of what your child needs to work on, please continue working with them at home. If you have any questions or need some additional resources please let me know. Please continue working on sight words and reading comprehension. I gave out reading comprehension questions at conferences and also posted them on my website. Please use these to help build reading comprehension.

A Peek At What We Are Learning

Reading
This week in reading we are learning how to share what we have learned from non-fiction books. Good readers ask questions as they read. Non-fiction books teach us things as we read. They provide us with information that we can then share with others!

We are continuing working on our “How to” unit. In this unit we are going to focus on learning how to write so our readers can follow step by step directions. This is a great unit to implement at home. Have your child help you make dinner one night, create a craft together and so on. As you work together, discuss the steps you take to complete the project/activity.

Math
This week we are learning more about shapes. We are learning how smaller shapes can create larger shapes, shapes can be in different positions and how shapes are alike and different.

Homework
dreambox, reading A-Z and Mobymax from home. You should also be reading 15 minutes daily as well as practicing sight words daily! After you read ask your child some questions about the story to help build reading comprehension!

Sight Words Focus: This week we will learn the words: her, would, make
