Causes of Global Conflicts of the 20th Century

**M** - **Militarism**: belief that a country should build its military to promote its national interests.

**A** - **Alliances**: union of nations formed for mutual benefit (e.g. military, economic, political)

**I** - **Imperialism**: stronger nations taking over weaker nations

**N** - **Nationalism**: extreme pride in one's country
Nationalism - the belief that people should be loyal to their nation - was not widespread until the 1800s following the fall of Napoleon's empire.

The rise of modern nationalism is tied to the spread of democratic ideas from the Enlightenment and the growth of an educated middle class. People wanted to decide how they were governed, instead of having monarchs impose government on them.

European Motives For Colonization

- Industrial Revolution
- Source for Raw Materials
- European Nationalism
- Missionary Activity
- Military & Naval Bases
- Places to Dump Unwanted/Excess Popul.
- Social Darwinism
- European Racism
- "White Man's Burden"
- Humanitarian Reasons
- Soc. & Eco. Opportunities
Major Causes for imperialist impulse:
1. Search for new markets and new raw materials
2. Missionary Work: more successful in Africa than in Asia and the Islamic World
   a. Dr. David Livingston - 1st white man to do humanitarian and religious work in Southern and Central Africa
   b. H.M. Stanley - found Livingston 1871 (who westerners thought to be dead); news reports created European interest in Africa; sought aid of king of Belgium to dominate the Congo
3. New military and naval bases to protect ones interests against other European powers.
   a. Britain feared FR & GER land grabs (1880s) might isolate their empires with high tariffs and restrictions
   b. tension between the "haves" (GB) and "have nots" (GER/IT) who came in late to imperial competition
4. Ideology: Nationalism and Social Darwinism
   "White Man's Burden" - Rudyard Kipling - racist patronizing that preached that "superior" westerners had the obligation to bring their culture to "uncivilized" peoples in other parts of world
Anglo-Saxonism
Turning Point! - Economic penetration of non-European regions in the 19th Century

CHINA

Opium Wars

1st Opium War: 1839-1841 - Br. occupied several coastal cities and forced China to surrender
  Treaty of Nanking (1842) - China cedes Hong Kong to Br., pay $100 mill. indemnity, open 4 cities to trade (low tariffs)

2nd Opium War: 1856-1860 - China is forced to accept trade/investment, EXTRATERRITORIALITY is established - subjected westerners to home country's laws

Taiping Rebellion (1850): civil war among those who supported and those who opposed Manchu rule, ~ 20 mill. killed, Manchus defeated rebellion after 14 years with aid from Br. military
Imperialism is a policy in which one country seeks to extend its authority by conquering other countries or by establishing economic and political dominance over other countries. The first chart below discusses the four forms of imperialist authority. The second chart shows the two management methods that can be used to control an area.

"Scramble for Africa" Begins!
Belgian Congo
King Leopold II directs H.M. Stanley to establish trading stations, sign treaties with African chiefs & claim land for Belgium.
- raised the question of political fate of sub-Saharan Africa
It is blood-curdling to see them (the soldiers) returning with the hands of the slain, and to find the hands of young children amongst the bigger ones evidencing their bravery...The rubber from this district has cost hundreds of lives, and the scenes I have witnessed, while unable to help the oppressed, have been almost enough to make me wish I were dead...

This rubber traffic is steeped in blood, and if the natives were to rise and sweep every white person on the Upper Congo into eternity, there would still be left a fearful balance to their credit.

EGYPT
1883-1956 - protectorate of Great Britain
"Model for New Imperialism"

• Muhammad Ali (Turkish gen./gov.) established Egypt into strong, independent state by 1849 - succeeded by son, Ismail
• Inability to satisfy foreign investors led to control of its finances by France and Britain.

EFFECTS OF IMPERIALISM

1. Exploited economic resources (improved transportation and communication).
2. Taught to reject customs. European ways were the best!
3. Established boundaries that are not “natural” for Africa.
   - Divided ethnic groups
   - Merged rival ethnic groups
   - Created landlocked countries and put many at disadvantage
Example:

**Berlin Conference- 1884-1885**
- established rules for the conquest of Africa
- sponsored by German Chancellor Otto von Bismarck and French Minister Jules Ferry
- sought to prevent conflict over imperialism
- coincided with Germany's rise as imperial power
- agreed to stop slavery and slave trade in Africa
- 14 European nations were represented
- No African leaders were invited
African and Asian nations gained independence from European nations slowly and with much difficulty.

Today, countries are trying to “catch up” to the western world in a very short amount of time! 1957-1990

The “White Man's Burden”

Rudyard Kipling
Rudyard Kipling, The White Man's Burden (1899)

Take up the White Man's burden--
Send forth the best ye breed--
Go bind your sons to exile
To serve your captives' need;
To wait in heavy harness,
On fluttered folk and wild--
Your new-caught, sullen peoples,
Half-devil and half-child.

Take up the White Man's burden--
In patience to abide,
To veil the threat of terror
And check the show of pride;
By open speech and simple,
An hundred times made plain
To seek another's profit,
And work another's gain.

Take up the White Man's burden--
The savage wars of peace--
Fill full the mouth of Famine
And bid the sickness cease;
And when your goal is nearest
The end for others sought,
Watch sloth and heathen Folly
Bring all your hopes to nought.

Take up the White Man's burden--
No tawdry rule of kings,
But toil of serf and sweeper--
The tale of common things.
The ports ye shall not enter,
The roads ye shall not tread,
Go mark them with your living,
And mark them with your dead.

Take up the White Man's burden--
Have done with childish days--
The lightly proferred laurel
The easy, ungrudged praise.
Comes now, to search your manhood
Through all the thankless years
Cold, edged with dear-bought wisdom,
The judgment of your peers!

Take up the White Man's burden--
And reap his old reward:
The blame of those ye better,
The hate of those ye guard--
The cry of hosts ye humour
(Ah, slowly!) toward the light:--
"Why brought he us from bondage,
Our loved Egyptian night?"

Take up the White Man's burden--
Ye dare not stoop to less--
Nor call too loud on Freedom
To cloke your weariness;
By all ye cry or whisper,
By all ye leave or do,
The silent, sullen peoples
Shall weigh your sullen gods and you.
What is it today's reader finds so repugnant about Kipling's poem?

If you were a citizen of a colonized territory, how would you respond to Kipling?
