What’s Happening This Month

- March 13th - No School
- March 15th - Curriculum Night 5-7
- March 29th - PBIS party
- March 30th - Good Friday - No School

A Note From Mrs. Burris

Please remember to read, write, practice sight words and count with your child daily. These are important tools to help your child be successful in school. Reading to them or listening to them read will help them in all areas of school. I cannot stress how important this is.

A Peek At What We Are Learning

Reading

This week in reading we are learning how to compare and contrast nonfiction books. Have your child look at a nonfiction book and tell you what they see on each page. How are the pages similar? How are they different?

Writing

This week in writing we are beginning a new writing unit. We will begin writing all about books. Students will pick an animal to research and begin writing all about it. Help them with this at home by looking up animal facts and information for them to bring in. I will be sending home a homework letter this week.

Math

We are learning how to compose and decompose the numbers 11-19. We are using ten frames, base ten blocks and counters. We are also learning how to listen to story problems. Please continue working with your child on number identification, counting to 100 by 1’s and 10’s.

Homework

dreambox, reading A-Z and Mobymax from home. You can access all of these from the clever logo on our schools website. You should also be reading 15 minutes daily as well as practicing sight words daily! After you read ask your child some questions about the story to help build reading comprehension!

Sight Words:

- Two, more, write
