**Overview**  
Distance learning courses require exceptional self-discipline, work habits, & time management. The student is responsible for fulfilling the requirements of the course. Selecting a placeholder during registration does not guarantee a class or program. Course selection will be finalized in March with your counselor and is dependent on availability.

**Schedule Changes**  
Schedule change requests for all Distance Learning Options (CCP & NCVPS) will follow the CMHS Student Support Services policies and timeline. Students will be DROPPED from the course if you fail to login or participate in the course, which will result in a WF/Withdraw Failing on your transcript. **Dropping CCP classes** outside of the normal CMHS schedule change process/window will result in a WF (Withdraw Failing) on your high school transcript and negatively impact your high school GPA even though the college may allow you to do so. **Failing CCP classes will** negatively impact your high school and college transcripts and can impact your future eligibility for financial aid and college athletics.

### COLLEGE & CAREER PROMISE (CCP)

**Eligibility:** 2.8 unweighted GPA; Junior or Senior
